## The Europe Hotel & Resort and Hotel Dunloe Castle Get Ready for Golfers

The Europe Hotel & Resort and Hotel Dunloe Castle are finalizing preparations to welcome over 70 of Europe's top golfers to Killarney for The 3 Open later this month. The Europe Hotel & Resort is one of the Open's associated sponsors and as a result, is the chosen accommodation destination for some of the best known European golfers on the tour.

Marketing Director Gerry Browne said "all the staff in both hotels are looking forward to playing host to The European Tour. We feel that any mental stress will certainly be eased when looking out on Lough Lein or The Gap of Dunloe".

The 50,000 square foot ESPA at The Europe is sure to be a firm favourite with the golfers with its many treatment rooms, steam rooms, saunas, indoor & outdoor pools, ice fountain & relaxation areas. It also has a dedicated treatment for golfers. 'Golfers Tonic' is an 80 minute spa treatment specifically targeting swing tension held in the back and neck and golf weary legs. It includes a back massage with hot stones to release tension and muscle stress. Hannah Bradley – ESPA at the Europe manager says "We have already received a number of bookings for this particular treatment over the weekend of the 3 Open. We can't promise to improve a swing but we certainly can help with muscle stress!!"

The kitchens in The Europe Hotel & Resort and also Dunloe Castle Hotel overseen by Chef Willie Steinbeck and Franz Osterloh are busy finalizing menus specific to what professional golfers require - such as breakfast with a strong emphasis on carbohydrates.

General Manager Michael Brennan said "we have no control over the weather but we can certainly promise a warm Irish welcome to each one of the golfers that will be staying with us...and I may even get a few helpful tips on how to improve my game!"
